§ 12

a) The meeting approved the guidelines for remuneration to management proposed by the board.

b) The meeting approved the reported scope and principles for a performance based personnel stock option plan for 2016.

§ 13

The meeting resolved, with the required qualified majority, in accordance with the board's complete proposal on acquisition of shares in the company and transfer of shares as follows:

- a) The meeting granted a mandate to the board, for a term ending at the close of the next annual general meeting, to resolve to acquire shares in the company on one or more occasions, as follows:
1. Acquisition shall be limited to a maximum of 7,250,000 series A shares.
 2. The shares may only be acquired on Nasdaq Stockholm.
 3. The shares may only be acquired at a price per share within the registered trading interval, at any given point in time.

The acquisition is made with the intention to limit the financial risk caused by an increase of the share value during the period the performance stock options remain outstanding, to be able to fulfill future delivery obligations under personnel option and matching share agreements, to cover alternative solutions and cash settlements as well as to cover, primarily, social charges.

- b) The meeting granted a mandate to the board, for a term ending at the close of the next annual general meeting, to acquire shares in the company on one or more occasions as follows:
1. Acquisition shall be limited to a maximum of 70,000 series A shares.
 2. The shares may only be acquired on Nasdaq Stockholm.
 3. The shares may only be acquired at a price per share within the registered trading interval, at any given point in time.

The acquisition is made with the intention to hedge the obligation of the company to pay remuneration, including social charges, to board members who have chosen to receive 50% of their remuneration in synthetic shares.

- c) The meeting decided to transfer shares in the company in relation to the company's personnel option plan 2016, including the share saving/matching share part, according to the following:

1. A maximum of 7,000,000 series A shares may be transferred. Right to acquire shares is to be granted to the persons participating in the company's proposed performance stock option plan 2016, with a right for each participant to acquire the maximum number of shares stipulated in the terms and conditions of this plan. The participant's right to acquire shares is conditional upon all terms and conditions of the company's performance stock option plan 2016 being fulfilled. Shares are to be transferred on the terms and conditions stipulated by the plan, meaning inter alia, that what is there stated regarding price and time during which the participants are to be entitled to use their right to acquire shares is also applicable to the transfer. Participants are to pay for the shares within the time and on the terms stipulated in the performance stock option plan 2016.
2. With respect to the number of shares that may be transferred under the company's performance stock option plan, customary terms for recalculation as a result of bonus issue, share split, rights issues and similar measures apply in accordance with the terms and conditions of the plan.

As reason for the deviation from the shareholders right of first refusal and as the base for the transfer price in connection with the transfer of own shares, the board states that the transfer of own shares is a part of the proposed performance stock option plan for 2016.

d) The meeting granted a mandate to the board, for a term ending at the close of the next annual general meeting, to sell shares in the company on one or more occasions of a maximum of 30,000 series A shares, to cover the costs of giving a counter value of earlier issued synthetic shares and to, primarily, cover social charges.

Shares proposed to be sold were acquired based on mandates given at the annual general meeting each respective year to acquire the share for the stated purpose. The sale shall take place on Nasdaq Stockholm at a price within the registered price interval at any given time.

As reason for the deviation from the shareholders' right of first refusal and as the base for the price in connection with the sale of own shares, is that the sale of own shares is a part of the previously adopted decision regarding synthetic shares to the board.

e) The meeting voted to grant a mandate to the board for a term ending at the close of the next annual general meeting to sell a maximum of 5,500,000 series A shares and series B shares on one or more occasions to cover costs in connection with the exercise of rights under the performance personnel option plans 2011, 2012 and 2013 and related costs. The costs relate primarily to cash settlements in Sweden, SAR and social costs. The sale shall take place on Nasdaq Stockholm at a price within the registered price interval at any given time.

As reason for the deviation from the shareholders right of first refusal and as the base for the price in connection with the sale of own shares, is that the sale of own shares is an integrated part of the previously adopted performance stock option plans.

§ 14

The meeting resolved in accordance with the Nomination Committee's complete proposal regarding the establishment of the Nomination Committee and to be valid until a meeting of the shareholders decide otherwise.

§ 15

The Chair thanked the management and employees of the company for very strong performance in 2015 and wished the company continued success during 2016.

The Chair declared the 2016 annual general meeting of shareholders in the company closed.

It was recorded that after the meeting, the "Peter Wallenberg Marketing and Sales Award" and the "John Munck Award" were presented.
